REQUEST FOR A CERTIFICATE OF CORRECTION

Dear Sir:

It is respectfully requested that a Certificate of Correction be issued under 35 U.S.C. § 255, and in accordance with 37 C.F.R. § 1.323 and 37 C.F.R. § 3.81(b), in connection with the above-identified patent to correct the following errors:

Please replace the Cross-Reference to Related Applications paragraph with the following paragraph:

“This application is a divisional application of U.S. Application Ser. No. 10/002,842 filed on Nov. 14, 2001, which claims the benefit of priority to U.S. Provisional Application Ser. No. 60/248,288, filed on Nov. 14, 2000.”

In a clerical error, the identification of the present application as a divisional application was inadvertently omitted within the Cross-Reference to Related Applications paragraph of the specification. Applicants submit that the identification of

the application as a divisional application was included in the attached As-Filed Transmittal originally filed with the patent application that correctly identifies the present application as a divisional application, a copy of which is attached hereto. As such, Applicants submit that correction of the clerical error does not involve such changes in the patent as would constitute new matter or that would require reexamination.

The present communication is submitted with completed Form PTO-1050, the As-Filed Transmittal, and the appropriate fee set forth in § 1.20(a). It is believed that no additional fee is due in connection with this request, but if this belief is in error, the Commissioner is hereby authorized to charge any additional required fee to Deposit Account No. 19-2112, referencing attorney docket number TLAB.109338

Respectfully submitted,

/ASHLEY N. LINDSEY/
